

**YOUTH OF EXCELLENCE SCHEME OF CHINA (YES CHINA)-MASTER PROGRAM
CHINESE GOVERNMENT SCHOLARSHIP**

Program Introduction

To promote the mutual understanding and friendship between China and other countries, and to provide education opportunities to the youths worldwide who enjoy good potentials in their career development, the Chinese Government established the “Scholarship for Youth of Excellence Scheme of China- Master Program (YES CHINA)” with the aim of providing financial support to the outstanding youth coming to China to pursue a Master’s degree. For the academic year 2018/2019, the Ministry of Education, P. R. China will entrust 7 leading Chinese universities such as Peking University with 8 Master’s degree programs, namely The Master of Laws (LL.M.) Program in Chinese Law, International Program on Master of Public Health (IMPH), Master of International Economic Cooperation, Master of China Studies, The LL.M Program in International Economic Law, MBA Program, AIIB Master of International Finance, Master of One-Belt-Road Sustainable Infrastructure Engineering. The programs duration will be one year or two years (1+1), and will be open to applicants from 65 developing countries.

The Master of Laws (LL.M.) Program in Chinese Law	1 Year	Peking University	<p>The Master of Laws (LL.M.) Program in Chinese Law is a Graduate Law program offered by Peking University Law School, focusing on Chinese civil and commercial law. The language of instruction is English. Peking University is a pre-eminent university in China, well-known for her long history, rich culture, distinguished alumni, enlightened education policies and exciting campus life. Established in 1904, the law school has become a leading institution for legal education and a potent force for legal development in China. The Law school frequently cooperates with the government, law firms and the business community in the development of cutting-edge legal, social and commercial policies. The Law School also has many international connections and partnership programs with leading universities and legal institutions.</p> <p>This program provides intensive instruction in Chinese law. Leading faculty members will offer Chinese law courses specifically designed for international students. The teaching will be comprised of both lectures and small-group seminars. In addition, Peking University regularly attracts top scholars and practitioners in Chinese law and students will have first-hand access to such distinguished presenters. There are also optional subjects in non-law areas such as politics, economy and society to facilitate students’ understanding of China’s culture. The program office also offers assistance to students in seeking internship opportunities at top law firms. Through the program, students can establish a solid foundation for their career development relating to China.</p>

Courses	Duration	Universities	Introductions
International Master of Public Health (IMPH) Program	1 Year	Tsinghua University	<p>The Research Center for Public Health has created a graduate level, interdisciplinary and cross-cultural degree focused on global public health. The International Master of Public Health (IMPH) Program is aimed at building a new generation of global public health leaders in the developing world through the participation of recognized faculty and expertise from across Tsinghua University and partners around the world. These English taught courses are specifically designed for public health officials, disease prevention and control specialists and health program managers from developing and developed countries, with the fundamental purpose of improving the health conditions and achieving health equity in developing countries. The program prepares students to address global health challenges and issues of health service delivery, health product accessibility and global health policy. The program has four specific objectives. Firstly, it is to develop students' capability in applying theories and analytical tools of the public health discipline. Secondly, it is to enhance their understanding of public health issues in China and the rest of the world. Thirdly, it is to improve their ability to judge major health problems and leadership skills in solving these problems. Lastly, it is to promote the expanded role of China in improving global public health by fostering a close relationship and cooperative network between faculty and students.</p>
Master of International Economic Cooperation	1 Year	University of International Business and Economics	<p>MIEC program of UIBE is designed for senior business officials, business diplomats and senior business managers who are experienced in business administration from developing countries. It aims to develop leaders and constructors of global economic governance structure, framers and executors of international business policies with global vision, and managers of international business and trade administration. Through this program, students can systematically grasp international economic cooperation theory, international economic policies and environment, development tendency of international economic cooperation and economic trade policy system in China.</p>
Master of China Studies	1 Year	Zhejiang University	<p>Zhejiang University is the first university in China to grant a master's degree in China Studies with the approval of the Ministry of Education since 2007. With collaboration with international prominent universities as well as courses taught fully in English, the MCS has become one of the most appealing master's programs with a growing influence in Zhejiang University famous for both its level and scale. For the last decade, more than 460 international students from 53 countries have</p>

			<p>graduated as Masters of China Studies.</p> <p>As an interdisciplinary program, the MCS places great emphasis on intercultural understanding towards contemporary China based on traditional culture. A mixture of systematic curriculum, case studies and social practice enables students to obtain a better understanding of Chinese society and culture as well as intercultural communicative competence. The program is conducted with the aim of nurturing international talents who can work in global and multicultural contexts with a deeper understanding of politics, economy, cultural and society in China. Students will also be equipped with a comprehensive Chinese language curriculum while the specialized courses were taught in English.</p>
<p>The LL.M Program in International Economic Law</p>	<p>1 Year</p>	<p>East China University of Political Science and Law</p>	<p>The LL.M. Program in International Economic Law is an English-taught scholarship program hosted by the East China University of Political Science and Law (ECUPL) under the support of the Ministry of Education of China. Located on the downtown campus of ECUPL in Shanghai, an international metropolis, the degree program started its enrollment since September of 2015, and will be instructed by world-class faculty of ECUPL who are not only fluent in English but also widely recognized in their respective research areas.</p> <p>As the best law school in the southeast part of China and an internationalized university boasting 120 partner universities across the globe, ECUPL is able to offer the participants a professional learning experience, a deepened cultural understanding, an international living environment and an extensive network with top talents from different countries.</p>
<p>MBA Program for Developing Countries</p>	<p>1 Year</p>	<p>South China University of Technology</p>	<p>The MBA program for Developing Countries at South China University of Technology aims to help developing countries develop human resources and train highly qualified specialists in business administration. This program is designed specifically for senior business personnel or senior management staff in education, scientific research institution or any related profession to learn about the Chinese patterns and strategies for business and industrial management, to produce references for business and industrial management, and to enhance skills and abilities for crating enterprises in developing countries. The program will develop a managerial personnel familiar with the Chinese administrative systems, management styles, entrepreneurship, and creativity in business and industries so as to meet the urgent needs for the business and industrial development countries. As a Chinese proverb says, “they will eat for a day if you give them a fish, but</p>
